Gentlemen:

Please accept our sincere appreciation for a job well done at the Keene, New Hampshire U.S. Army Reserve Center. The performance of yours as well as your subcontracted work forces is a credit to the standards of the construction industry.

We especially want to acknowledge the performance of your Mr. Arthur T. House whose energetic interest and performance was in our opinion, instrumental in securing the timely completion of the project.

We trust the same aggressiveness will be extended to enable a timely "clean-up" of all remaining work and punchlist items.

We welcome the opportunity to work with your company as conditions may dictate in the future.

Sincerely,

  
ANTHONY F. LEKETA, PE  
Area Engineer
